

“Research Wing of the Indian Academy of Geriatrics”

Award for the best dissertation / thesis for the postgraduate students

Research Wing of the Indian Academy of Geriatrics has been set up to promote, encourage, strengthen and improve research in Geriatric Medicine and take lead in establishing standards and guidelines/protocols to health related issues of the Geriatric patients in the country.

Research Wing of the Indian Academy of Geriatrics announces an annual award for the best dissertation / thesis with a prize of Rs 10,000 to promote quality research in geriatrics among post-graduate students pursuing MD/MS degree course in medical colleges in India.

Eligible candidates pursuing MD/MS degree course in medical colleges in India are encouraged to apply through their college before 15th October 2018 to the Editor, Journal of the Indian Academy of Geriatrics. Further details are available at www.jiag.org.

The evaluation will be done on pre-determined parameters by the expert research committee. The award will be given during the annual conference of the Indian Academy of Geriatrics.
